## **INCLEMENT WEATHER NOTICE**

As severe winter weather is anticipated in the region late Saturday night into Monday, MCT is reminding passengers that **snow routes, detours and delays are possible**; particularly in hilly areas.

As a precaution, the following Alton routes will be on snow routes Sunday and Monday: **#8 Central Shuttle, #9 Washinton Shuttle, #10 State & Elm Shuttle, & #11 Brown Shuttle.**

As the weather develops, updated service information will be provided in real time via [MCT Text Alerts](#) and MCT's [Facebook page](#).

As always with winter weather, be prepared for service delays and detours, allow extra time for travel, dress for the weather, and know buses cannot stop on snowy, icy hills.
