## MCT Micro Logistics Valley - DISCONTINUED

New #23 Logistics Valley Shuttle to Serve Area

Due to rider feedback, MCT will discontinue the MCT Micro Logistics Valley service on **Sunday, August 10**, **2025** and replace it with the new **#23 Logistics Valley Shuttle**.

The **#23 Logistics Valley Shuttle** will serve Gateway Commerce Center and Gateway Tradeport beginning Sunday, August 10, 2025, ensuring no lapses of service in the warehouse area. The initial #23 schedule and routing are dependent on current IDOT construction in the area as seen on the map below.

NOTE: Once construction on IL-111 at I-270 is completed, MCT will release an updated post-construction schedule. The #23 will begin serving Lakeview Commerce Center **after** construction concludes.

## Questions?
